SUMMARY

Aspiring data analyst pursuing a Bachelor of Computer Applications with hands-on experience in Python, SQL, Power BI, and Excel. Skilled in analyzing complex datasets and turning insights into clear visual reports. Experienced in building machine learning models and performing useful data analysis through academic projects. Excited to use my skills to help solve real business problems and work in a place where I can learn and grow.

SKILLS

Python

SQL

Microsoft Power BI

Microsoft Excel

Machine Learning

EXPERIENCE

Data Science Intern   07/2025 - 09/2025
Gradtwin   Chennai, India

Worked as a Data Science Intern, applying Python to implement and evaluate core machine learning algorithms.Performed data preprocessing, exploratory data analysis (EDA), and model training to solve real-world tasks.

Data Analytics Intern   05/2025 - 06/2025
Approtech R&D Solutions Pvt Ltd   Tambaram, India

Gained practical knowledge in Python, SQL, Power BI, and Excel through hands-on learning and project work.

EDUCATION

Bachelor of Computer Applications   08/2023 - 05/2026
Saveetha College of Liberal Arts and Sciences   Chennai

12th - Commerce with Computer Science   04/2022 - 04/2023
Sri. R.M. Jain Vidhyashram   Tiruvallur

10th   04/2019 - 04/2020
Sri. R.M. Jain Vidhyashram   Tiruvallur

LANGUAGES

English   Proficient   ●●●●○
Telugu   Native   ●●●●●
Tamil   Proficient   ●●●●○

PROJECTS

Researched a machine learning model to detect anomalies in online payment transactions

Executed a Loan Approval Prediction Analysis model using ML techniques, with insights visualized in Power BI.

Built a House Price Prediction model using regression techniques in Python.

Prepared Supermarket Sales Dashboards in Excel to visualize and assess sales performance.

Developed a Logistic Regression model for Credit Card Fraud Detection and deployed it as an interactive Stream lit app.
